Corrugated Lath Starter Strip™
Rainscreen Starter Strip & Bug Screen

Time Saving Starter Strip & Bug Screen

Corrugated Lath Starter Strip features an adhered fabric that lets water and air through while keeping bugs out. Can be doubled up to replace siding starter strip.

The MTI Advantage

- Time Saving Starter Strip
- Integrated Bug Screen
- Creates Rainscreen Air Gap
- High Compressive Strength
- Easy to Install
- 100% Recycled Content

Applications

- Fiber Cement Siding
- Composite Siding
- Real Wood Siding

Corrugated Lath Starter Strip terminates the ventilated rainscreen air gap with a bug screen.

The Starter Strip creates a bug screen at the base of the wall around its 3/16” air gap.

Starter Strip doubled up to replace the siding starter strip.
