Stucco Corrugated Lath Strip™
Rainscreen Strip For Stucco & Thin Stone

Applications
- Stucco
- Adhered Thin Stone
- Adhered Thin Brick

Low Cost, Easy to Install Rainscreen Technology

Fur stucco off the water resistive barrier with the Stucco Corrugated Lath Strip. The lightweight rolls quickly install over the wall and provide a ventilated air gap for drainage and drying.

The MTI Advantage
- Creates Rainscreen Air Gap
- High Compressive Strength
- Easy to Install
- 100% Recycled Content
Installation

- Install Stucco Corrugated Lath Strip™ over the water resistive barrier
- Align with framing or fastening pattern of lath
- Attach with staples or other mechanical fasteners
- Install lath, scratch coat and veneer per manufacturer's specification

Complete Installation at MTIdry.com/installation
