

Vertical Termination

Applications

- ✓ Roofing Applications
- ✓ Thin Veneers
- ✓ Siding

Rainscreen Compatible Metal Termination

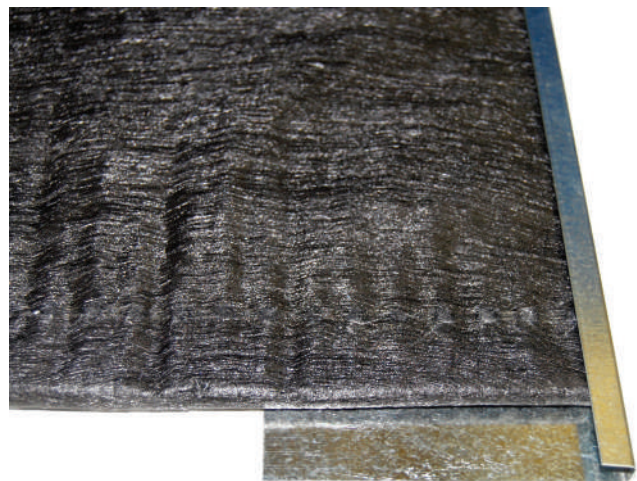

Compatible building materials keep projects moving along on-time and on-budget. MTI Edge Metal™ is designed to accommodate the depth of the Sure Cavity® rainscreen drainage plane on vertical and non-draining terminations.

MTI Edge Metal™ for non-draining terminations

The MTI Advantage

- ✓ Accommodates Rainscreen Drainage Planes
- ✓ True Rainscreen Termination

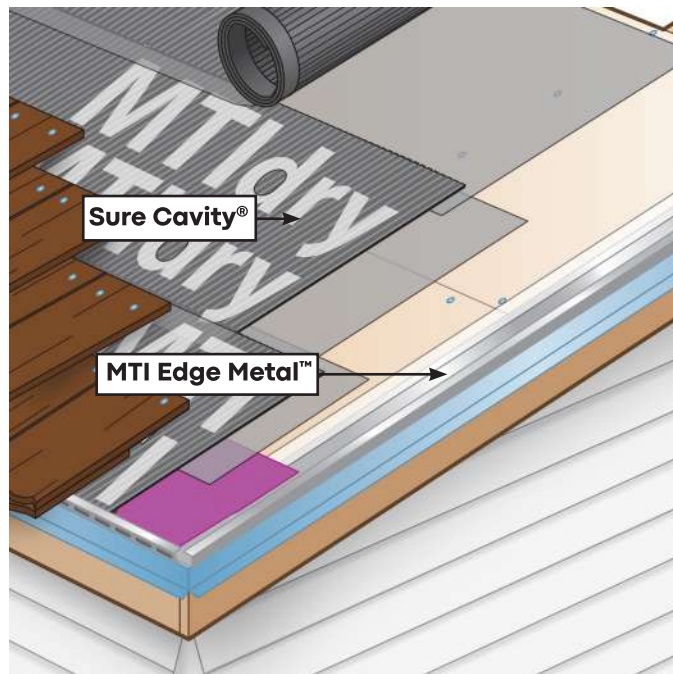

MTI Edge Metal™ accommodates the depth of the Sure Cavity® rainscreen drainage plane

Vertical Termination

Installation

- Roof Applications: Install MTI Edge Metal™ on the roof rake or valleys to terminate the Sure Cavity® rainscreen drainage plane.
- Transitions: Install at vertical transitions between veneers to terminate the Sure Cavity® rainscreen drainage plane.
